

MEMORANDUM FOR: Users and consumers of FED-STD-595C

FROM: U.S. General Services Administration (GSA)

SUBJECT: Color chip variance in FED-STD-595 Rev C

It has been reported that there are some slight color variations to Revision "C" of FED-STD-595 on the following seven color chips:

17925

27925

37925

11136

21136

31136

33538

GSA is currently analyzing this situation and DECO will send update notifications as they are made available to the FED-STD-595C. In the interim, GSA recommends you reference the "B" revision on the above color chips.

The 39 new colors added to the "C" revision may still be used for color calibration.
